

BIOPHARM INSIGHT

BioPharm Insight is pleased to partner with BioNJ to provide Members with important insights into the life sciences industry in New Jersey at no cost. Members will have access to detailed profiles of over 300 pharmaceutical and biotech companies and over 3,500 investigational and approved drug programs.

Searchable Company Profiles include data on:

- > Active drug programs
- > Clinical trial trends; by current status and by top therapeutic area
- > Licensing agreements
- > Financial news and M&A deals
- > Company financials
- > Medicaid drug sales data

Searchable Drug Profiles include data on:

- > Expected catalysts
- > Investigational listings by phase & indication
- > Clinical trial study profiles and active sites
- > Consensus forecasting up to 2025 on approved drugs
- > Patent information

It's easy to get started:
