

**BioNJ C-Suite Virtual Summit
Fridays, October 30 & November 6**

Navigating Innovation & Uncertainty - *With insights from McKinsey & Company*

The advent of COVID-19 has brought unprecedented global disruption and loss in ways never imagined. Equally unprecedented has been the pace at which the life sciences industry is developing medical and technology-driven solutions to combat this devastating virus. Join BioNJ and industry experts to reflect upon observations, learnings and projections, as well as short- and long-term opportunities for medical innovation and the industry overall.
