

ULS eProcurement Manager

Enabling you to stay focused on science

Your work is a journey

Get the support you need to start and grow your business:
Streamline your procurement process with an eProcurement
platform offered exclusively by the Fisher Scientific channel.

Platform features

- Search for products and services across categories
- Create and submit purchase orders electronically
- Manage approval workflows
- Reconcile ePOs, packing slips, and eInvoices
- Generate usage and accounting reports
- Connect with internal and supplier back-end systems
- Customize dashboards by job function
- Benefit from procurement specialists

Start here

- Ramp up quickly with professional tools and support
- Access millions of products and thousands of suppliers
- Apply customized pricing

Grow here

- Expand number of users and workflow sophistication
- Visualize and optimize spend to drive value
- Add services to drive process efficiency

Connect here

- See real-time product availability and delivery information
- Bring scientists and finance together in a shared platform
- Integrate back-end processes with suppliers (e.g., ePOs, eInvoices)
